Notification of the Intention to Proceed with Two Unspecified Minor Construction Projects

The Department of the Army proposes to authorize the obligation of Unspecified Minor Military Construction Army Reserve funds for the construction of the following unspecified minor construction projects inside the United States:

Installation & Project Description

Fort Dix, New Jersey

Construct a 500,000-gallon clearwell - Project Number 11666

Estimated cost is \$1,239,000.

This project will construct an above ground, reinforced-concrete, 500,000-gallon clearwell with associated piping, valves, and instrumentation. This project is required to correct violations of Federal and New Jersey Department of Environmental Protection (NJDEP) Safe Drinking Water Act (SDWA) by increasing Fort Dix clearwell capacity from 500,000 to 1,000,000 gallons to achieve prescribed disinfectant contact time.

Installation & Project Description

Maurice Britt Army Reserve Center; North Little Rock, Arkansas

Construct New Administrative Building - Project Number 11817

Estimated Cost is \$917,000

This project will construct a new 8,169 square foot administrative building. Facilities will support the trainees, transfers, holding and school (TTHS) cell, as well as other elements of the 90th Regional Readiness Command.
